## THE MAXWELL CASE.

A Motion to Quash the Indictment on Account of Error.

Prosecutor Bow Thinks Everything is Regular and Will Stand.

Prisoners Arraigned and Plead to the Indictments—Counsel Assigned and Time of Trials Set.

A number of persons against whom indictments were returned by the Grand Jury were arraigned before Judge Pease this morning.

Judge Critchfield and John S. Adair, of Millersburg, and Miller & Pomeroy, of this city, counsel of David P. Maxwell, were seated inside the railing, together with Charles Seaman, attorney for Charles W. Schott.

When the Maxwell-Schott case was called, Judge Critchfield moved that the indictment against Maxwell be quashed, setting forth in his motion among other defects which he alleged were apparent, that the indictment does not set forth that Maxwell used the instrument which is said to have caused the death of Lillie Borden.

That the indictment does not set forth that the use of the instrument was not necessary to secure her life, that the indictment does not state an offense under the laws of the State, and particularly under sections 6,815 and 6,811, under which sections the case will be tried.

Schott's attorney, Mr. Seaman, filed a demurrer, alleging that the indictment does not contain sufficient facts to constitute an offense under the laws of the State. He also made a motion to quash the indictment against Schott, giving as reasons, first, that the indictment is defective in form; second, that no offense is specifically and properly set forth; third, that the attempted manner of describing an offense is uncertain.

Judge Pease overruled the motions to quash in both instances and the attorneys of both Maxwell and Schott gave notice of their intention to file bills of exception. The motions will be argued next Monday.

Prosecuting Attorney Bow was seen by a NEWS-DEMOCRAT reporter shortly after the arraignment of prisoners was concluded. He stated that he had no fears whatever concerning the indictment, and that he was certain it would hold and the case come to trial in due form.

The following persons were arraigned and disposition made of their cases.

Ohio against George Hoeller. Obtaining property under false pretenses. Defendant entered a plea of not guilty. Charles C. Upham was assigned as counsel and the trial fixed for February 17.

Ohio against Thomas Page. Robbery. Defendant pleaded not guilty. J. S. Hudson assigned as counsel and trial set for February 16.

Ohio against Mike Kane. Larceny. Defendant entered a plea of not guilty. J. S. Hudson assigned to the case and trial set for February 16.

Ohio against George Wilson. Colored. Larceny. Defendant entered a plea of not guilty.

Ohio against George Wilson. Assault and battery. Defendant pleaded not guilty. Trial set for February 17.

Ohio against Lee Moonshower. Attempting to commit rape. Defendant entered a plea of not guilty. Thomas F. Turner assigned as counsel and trial set for February 16.

Ohio against Mike Quigley Jr. Pocket picking. Defendant pleaded not guilty. J. S. Hudson assigned as counsel and trial set for February 17.

Ohio against Michael Harrington. Horse stealing and larceny. Defendant entered a plea of not guilty. Peter J. Collins assigned as counsel and trial set for February 17.

Ohio against Frank Macbamer. Selling liquor to minors. Defendant pleaded not guilty and a fine of \$50, cost of prosecution and \$75, costs of prosecution, and to undergo an imprisonment in the county jail for a period of 10 days, defendant to stand committed to commit rape. Defendant entered a plea of not guilty. Thomas F. Turner assigned as counsel and trial set for February 16.

At the conclusion of the arraignment Charles W. Schott entered into a new recognizance in the sum of \$500 for his appearance in court to try his bondsmen are John Lebold, Robert A. Boone, John Knight and Elden L. Diver.

## A FEARFUL ACCIDENT.

Herbert L. Minnis, aged 39 years, an employee of the Standard Paving Brick Company, at North Industry, was probably fatally injured this morning at 10 o'clock, while at work at that place. He is a single man, was engaged in getting shale from the bank located near the works, when a slide of clay started. His two friends cried to him to run.

He turned and started down the bank but a car standing on a Valley side track at the bottom of the slide interfered with his progress and before he could run around it the rocks and clay were upon him. The debris almost covered him from sight.

A force of men started at once to free him from his position. When taken out it was found his left leg had been completely severed below the knee by the sharp rocks. The knee was also very badly mangled. Dr. Walker, of this city accompanied by Dr. Myers went at once to the scene of the accident. It was found necessary to amputate the limb above the knee on account of it being so badly mangled. His spine is also injured.

This afternoon he is very low and little hope is entertained for his recovery. He is a single man and lives at Sandville. John Harbert and Jake Schario, who were working with him, escaped uninjured.

## Burglars at Canal Fulton.

Burglars raided Canal Fulton last night. H. A. Fisher's safe was blown open, but only 42 cents were secured. At the depot they obtained the agent's revolver but no money. At Squire Ruch's house they helped themselves to cake, pie and clothing.

## Death of John Troxel.

John Troxel died at his late residence in Plain township of heart disease, aged 70 years. Funeral Thursday morning at 10 o'clock at the house. Interment at Weaustler cemetery.

Mr. Conrad Reel and son, our genial and enterprising salesman, have purchased the late boarding house of John Sholls. They have a house in business. They are obliged on account of their extensive and constantly increasing trade to employ an extra clerk on sundry occasions. They will be understood by no one, Call and North Canton.

## WHY WILL YOU Cough, when Shill's Cure will give immediate relief. Price 10 cents, 50 cents and \$1. For sale by Weber Bros.

Several papers in the country have stated that Rev. Howard MacQuary has been offered professorships in several schools. A NEWS-DEMOCRAT reporter called on Rev. MacQuary this morning in regard to the matter and learned that it was a mistake. He has received several letters from friends of his who are connected with colleges, wishing him success in the outcome of his trial. He thinks no conclusion will be reached in the matter before the end of next month. Rev. MacQuary would not accept any position in a college as it is his intention to remain in ministry.

## FATHER IGNATIUS, an English Monk, who is visiting in New York City, and an extremely High Church man, last Sunday preached a sermon in that city in which he denounced Rev. Dr. Herbert Newton, of New York City, and Rev. Howard MacQuary as dishonest heretics and said they should be ejected from the church for the views they entertained. On next Sunday evening in the Episcopal church of this city, Rev. MacQuary will preach, the subject of his sermon being "Judging Ignatius." It will be a reply to the sermon of Father Ignatius.

## A NARROW ESCAPE.

Frank N. Bryan Struck by a C. & P. Train Yesterday.

As Frank N. Bryan, of Marlboro township, was driving to Alliance today he had a very narrow escape from instant death, or terrible injury.

As he approached the C. & P. railway crossing at the Clay Shaft he looked in each direction for a train, but neither saw nor heard one coming. Hence he drove upon the track with no thought of danger.

Imagine his feelings, then, when just as his horse was on the track he saw second No. 36, consisting of only the engine, tender and a coal car, bearing down upon him from the north at fearful velocity.

He managed to hit his horse a sharp cut with the whip, and none too soon, for as the animal gave a leap forward the engine caught the hind wheels of Mr. Bryan's buggy, and in a second he found himself rolling on the ground and his vehicle receding to kindling wood, some distance away, while the horse, unhurt, ran up the embankment on the left to the fence and stopped.

Mr. Bryan at first thought he was not hurt at all, but later he discovered that his left leg was badly injured. He is now in no danger and is being treated by Dr. Baldwin, says he blew the whistle and rang the bell.—Alliance Review.

## A MASSILLON FAILURE.

A Leading Jeweler Makes an Assignment Early This Morning.

Sherman S. Hathaway, the leading jeweler of Massillon, made an assignment this morning to Frank L. Baldwin. The papers were filed with Probate Judge Fawcett shortly after 8 o'clock. The assignment will be a big surprise to the citizens of Massillon as Mr. Hathaway was considered a rich man. He places his assets at \$5,000 and the liabilities are not known. The cause of the failure is a mystery. The assignment covers the stock of jewelry and a house and lot located in Massillon.

The following special was sent out from Massillon last night: The jewelry store of S. S. Hathaway was taken possession of this evening by Dr. C. F. Porter to satisfy a chattel mortgage for \$2,300. A Chicago firm was also pushing a claim for \$500, which precipitated the failure.

## THE NORTH INDUSTRY ACCIDENT.

Herbert L. Minnis Improving—A Peculiar Feature of the Accident.

The condition of Herbert L. Minnis, so severely injured in the shale bank at North Industry yesterday afternoon, is much better and looks very favorable to recovery unless outside complications set in. The accident was peculiar, in the way in which the man was injured. When the clay struck him he was against a car, and the force of the sliding shale was so great that it cut the leg entirely through, excepting a little skin, which was stretched like a piece of rubber, the man's foot being two feet from his knee but still connected by the skin. He is as much as could be expected this afternoon. Dr. A. B. Walker is attending him.

## Prosecutor Welty Complimented.

Hon. John C. Welty has just been relieved from a six years' term as Prosecuting Attorney of Stark County. We see by the NEWS-DEMOCRAT that he prosecuted 273 cases, in which there were verdicts of "not guilty" in only ten. And the county never had to pay a single dollar for legal assistance in the preparation and prosecution of these cases. Mr. Welty has reason to be proud of such a record, and Stark county should congratulate herself on having had so good an official. He is comparatively a young man with an honorable ambition, and the future has in store greater honors for him, just as sure as that the people admire brains, competency, and a high sense of honor in a public servant.—Carroll Chronicle.

## Dr. Nichols' Great Success in Canton.

Many people—some of the very best—are very reluctant to confide their ills and physical shortcomings to their family physicians. They prefer to seek relief from a man who has their secret in his possession. Such persons allow their maladies to go on and consume them rather than ask the family doctor for a relief which he may or may not know how to give. To all such the locating of Dr. Nichols in our city is a boon. He is a gentleman and whatever the patient may say to him is received with the strictest confidence. With his great success in treating the most critical cases, and with the high reputation in which he is held, our readers are familiar. When it is added that he never betrays confidence placed in him, it will be seen that no delirious should prey upon him suffering from obscure or complicated diseases from consulting him. The doctor can be consulted free of charge at his office, No. 10, North Cleveland avenue, any day during business hours.

## WHY WILL YOU Cough, when Shill's Cure will give immediate relief. Price 10 cents, 50 cents and \$1. For sale by Weber Bros.

There will be about 1,100 delegates from 700 local Alliances.

Interviews with delegates on the ground indicate unanimity of views in favor of free coinage of silver, and an increase of the volume of currency, and opposition to monopolies, trusts and combines.

The question of independent political action will be warmly contested, pro and con. Rev. Joshua John Crawford, secretary of the Alliance, is down for an address.

## A NEW INFIRMARY.

The Committee Reports That Sufficient Money is Expended Each Year.

In Giving Aid to Outside Poor, to Pay the Interest on \$50,000—A New Building Recommended.

The committee appointed by Judge Pease to examine the report of the county commissioners for the year ending September 1, 1890, find that said report is correct and that the auditor's books are in good shape.

They also urge the necessity of erecting an additional infirmary building and that some action be taken regarding the purchase of county supplies.

The report is signed by John C. Mong, William H. Snider and John C. Welty, prosecuting attorney.

The section regarding the infirmary reads: Fourth, We find that in the expenditures of the county by reason of maintaining the poor, large accounts have been allowed and paid for the support of paupers and needy, to persons who have charge of said poor in other places than the county infirmary and that the amount thus paid out suggests the necessity of the erection of an additional infirmary building, sufficient to meet the growing demands of our county. The excess thus expended yearly would be sufficient to pay the interest on a sum of more than fifty thousand dollars.
